

About Our Instructors:

Credit Instructor:

Marc Simmons is a full-time professor in Massasoit's Biology Department who teaches the Marine Biology course offered each fall semester. He received his Masters of Science in Marine Zoology at the University of New Hampshire, and has research interests in coastal wetlands. He can be contacted by email at msimmons@massasoit.mass.edu.

Non-Credit Instructor:

Anne Smrcina is the Education & Outreach Coordinator for Stellwagen Bank National Marine Sanctuary and holds a B.S. in biology from Cornell University, and Masters degrees in Science Journalism and Education. She will be teaching one of the modules in this series. She will work with guest speakers who are experts in their fields for the remaining sessions.

Registration Information

Registration forms are available for download at: www.massasoit.mass.edu/forms

To register for a class at any of our locations, you can:

- Come to the Registrar's office
- Mail your completed form
- Fax your completed form to: 781.401.9804
- Email your completed form to: registrar@massasoit.mass.edu

Withdrawal and Refund Information

You must complete and submit in person a "withdrawal" form, which is available at any of our locations.

Withdrawals before the start of the first class are granted a 100% refund. Withdrawals after the first class are refunded 0-50% depending on the length of the course.

A Coastal New England Marine Sanctuary

Gain a Stellwagen Bank Sanctuary Docent Technical Content Certificate, including PDPs for Teachers!

This course will focus primarily on the living resources in the only national marine sanctuary in the Northeast, Stellwagen Bank National Marine Sanctuary, which is located at the mouth of Massachusetts Bay. Each week expert lecturers will provide information on Stellwagen's geology, oceanography, water quality, marine technology, marine life, and ocean policy.

Sign up for the entire course by registering for either the credit or non-credit options below. Note: The credit version will include exam, papers, and other assignments.

Credit Option (3 college credits)
