AMAZING OCEAN CREATURES OF STELLWAGEN BANK NATIONAL MARINE SANCTUARY

Massachusetts Marine Educators and Stellwagen Bank National Marine Sanctuary are proud to offer this 2013-2014 calendar showcasing entries from the 2013 Marine Art Contest for students in grades K-12. The annual contest's theme is "Amazing Ocean Creatures of Stellwagen Bank National Marine Sanctuary." Entries are judged in five categories: elementary school (grades K-4), middle school (grades 5-8), high school (grades 9-12), scientific illustration (all grades) and computer graphics (all grades). A major goal of this effort is to integrate science and art, and to instill in students an appreciation of the beauty and diversity of the marine life in waters off the Massachusetts coast.

We hope that you find inspiration in and awe for the talent and creativity displayed by our student artists. While most of the entrants are Massachusetts-based public, private and home-schooled students, our 2013 contest attracted participants from ten other states. We invite students from across the nation and around the world to participate in this year's contest (deadline May 2, 2014). You can find contest information at the back of this calendar or at the following websites: Massachusetts Marine Educators — www.massmarineeducators.org and Stellwagen Bank National Marine Sanctuary — <http://stellwagen.noaa.gov>.

The 2013-2014 calendar is downloadable from both the MME and sanctuary websites. All prize-winning artwork and honorable mention selections from past years can also be viewed at the sanctuary website. Many of the winning selections and some of the honorable mentions are now part of a traveling exhibition touring East Coast locations from September 2013 through June 2014. Check the sanctuary website for dates and locations.
